2. **Margins.** The first page of the manuscript should have a two-inch margin from the top of the first page. Side and bottom margins on the first page and all margins on subsequent pages should be one inch. The paragraphs should have a five space indentation.

3. **Title and Headings.** Manuscript titles should be left-justified and bolded in all capital letters. (1) First-level headings should be triple spaced below text, left-justified, bolded and in all capital letters with no numbers. (2) Second-level headings should be centered and bolded with only the first letter of main words capitalized. (3) Third-level headings should be at the left margin and underlined with the first letter of main words capitalized. There should be a triple-space before, and a double-space after, all subheadings.

4. **Abstract.** The abstract should appear three spaces below the title in a section entitled ABSTRACT. It should present the principal substantive or theoretical points of the manuscript in no more than 100 words. Abstracts are not included in Proceedings publications.

5. **Tables, Figures, and Illustrations.**

   b) **Proceedings:** Tables, figures, and illustrations should be placed within the text two spaces before and after, should be in the same type as the text, and should not be placed horizontally. The headings should be in all capital letters. When composing tables, the table format or the tab key is to be used in lieu of “spacing over.”

All references to books, articles, monographs, etc., should be numbered and placed at the end of the manuscript, with a hanging indent, in a section labeled References. They should be identified at the appropriate point in the text by using the number of the reference, e.g.: reference number 4, page 23 would be cited as [4, p.23]. Please refer to The Chicago Manual of Style for specific reference format.
